

Wikwemikong Board of Education Board Governance Policies

103 - Guiding Principles

1. Honour and uphold the board's vision and mission statement.
2. Ensure all community members' educational needs are met, guided by Anishinabe world views.
3. Encourage the participation of all community resource personnel and community members (parents/guardians) in the educational process.
4. Update the skills and knowledge through professional development and lifelong learning of those individuals responsible for the delivery of education.
5. Recognize the need for annual staff performance evaluations.
6. Implement best practice supported by current educational research.
7. Be informed and current to changes in education by participating and liaising with local, regional, provincial, and federal education authorities.
8. Establish and maintain fair and transparent policies that respect protocol and communication through:
 - clarifying educational roles;
 - speaking with a collective voice;
 - adhering to policy making principles;
 - upholding lines of authority, and promoting a healthy team oriented environment through a collaborative process.
9. Use Education funds only for recognized and approved education programs.
10. Submit an annual written report to Chief and Council.
